

## **Profitable Company Restructuring by GTEC**

Do you want to go ahead in China and Asia-Pacific?

My company and my team would be happy to support you as a system doctor and problem solver in getting financially healthy, in restructuring and in increasing profits.

What are your advantages of booking us?

Just one of my success stories as an example for you:

Our engagement for a customer who is the market leader in products for electric vehicles. Here we were able to achieve the following measurable results:

- Increase in sales by 30% while reducing the internal error rate by 86% and consequently as well the customer complaints from 56 units to 0.
- The number of workers has been reduced by 18%, and the absence and layoff rates have been significantly lower.
- As a result, the operating profit rose from 56000 to 2.6 Mio RMB/month.

How is that possible in such a short time? What is behind this success?

All our previous customers from Germany, US, France and Italy had the following advantages through our work:

- 100% loyal to the client
- Innovative thinking and quick actions
- 24-7 high performance culture
- Structured approach, reporting and coordination.

Why is that so important for you in Asia?

From my experience you need a business partner:

- One with an effective cost reduction methodology
- One who can build a learning organization for you
- Someone with years of multicultural experience in East and West
- Tight communication and proactive motivation
- Experience in project management, negotiation technique and control

Now simply write an Email to [contact@gtec.asia](mailto:contact@gtec.asia) and arrange a conversation with us.

Don't wait, Asia is fast! An efficient preparation and ramp-up phase must be well planned, so that you can achieve measurable success even faster.
